

Hall's Retail

CASE STUDY

About Hall's Retail

With over 30 years of experience, Hall's Retail has become a staple in the industrial sector, known for its client-centric approach to chemical adhesives.

The Challenge

Frequent phishing attacks and a ransomware incident put Hall's Retail at risk, prompting them to seek a reliable security partner for O365 compatibility and comprehensive device protection.

The Solution

With SYNAQ SecureMail Premium, Hall's Retail gained robust spam, virus, and phishing protection, along with features like Data Leak Prevention (DLP) and LinkShield to block dangerous links.

The Outcome

Since implementing SYNAQ, Hall's has enjoyed a clean, secure email environment, free of threats. They can now confidently communicate with clients, trusting SYNAQ's flexible support and billing.
