

MAIL MANAGEMENT

Discover the SYNAQ Mail Management Suite (MMS), the all-in-one solution designed to enhance your email capabilities, whether you're a small business or a large enterprise. Our comprehensive suite delivers everything you need - from branding and security to compliance - without disrupting your existing infrastructure. With an email-agnostic approach, SYNAQ seamlessly integrates with your current system, making it the perfect fit for any organisation.

SUITE BENEFITS

- **Cost-effective:** Save money compared to implementing services individually, while enjoying the full spectrum of email management solutions.
- **Flexible and Scalable:** Adapt our suite of essential cloud services to meet your evolving business needs effortlessly.
- **Holistic Solution:** Simplify administration with a single provider, reducing on-site hardware requirements and lowering capital and operational expenditures.
- **Integrated Services:** Experience a comprehensive suite of complementary mail solutions that enhance your overall email experience.
- **Seamless deployment:** Enjoy smooth integration and management of email services, eliminating the hassle of coordinating multiple third-party systems.
- **Single Point of Support:** Benefit from a unified service provider, ensuring quick resolutions and seamless support for all your email needs.

MMS SERVICE

- **SYNAQ SecureMail:** Protect your business from email threats with our leading cloud email security platform. Enjoy enhanced risk mitigation features like Identity Threat Protection (ITP), Data Leak Prevention (DLP), and LinkShield for complete peace of mind.
- **SYNAQ SecureArchive:** Keep your email communications compliant with legislation through our tamper-proof cloud archive service, ensuring all critical communications are securely stored.
- **SYNAQ Branding:** Transform every email into a powerful marketing tool, centrally managing branding to engage your audience effectively.
